

SRL LOQ-BLOQ WEBBING LANYARD 3.5M

PART CODE: **SRLW035**

**HEIGHT
SAFETY**

PRODUCT FEATURES >

- The retractable lifeline is part of a fall arrest system and reduces the vertical impact force on the body by limiting the fall distance.
- High impact transparent polycarbonate outer casing.
- Webbing and energy absorber.
- Comes with a 19mm steel karabiner and a 21mm aluminium scaff hook.
- Can be connected to an anchorage point or a full body harness.
