

NitriKnit™

Product description

High performance supported Nitrile gloves with numerous comfort and protection options.

Terrific manual dexterity and comfort while protecting the hands from temperature extremes. It even works for most autoclave applications! Tested up to 260°C for short durations, works well up to 150°C for longer periods. Cold applications are endless.

FEATURES

- High Nitrile content offers superior resistance to cuts, snags, abrasions and punctures
- Free of Latex proteins which can cause allergic reactions
- Suitable for use in food processing as gloves will not sag, swell or weaken from fat absorption.
- Insulated versions provide additional protection from cold and heat. Recommended for temperatures from -23°C to 149°C
- Unique textured finish provides excellent grip on oily, wet or dry objects.
- Gloves can be laundered for extended use.

APPLICATIONS

- Automotive Assembly
- Degreasing
- Chemical handling
- Dip tank cleanup
- Fishing industry
- Solvents (general)
- Printing cleanup

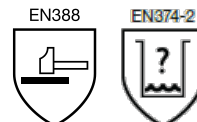

TECHNICAL DETAILS

Coating: Nitrile
Weight: 340 grams per pair

STANDARDS

Abrasion Resistance 4
Cutting Resistance 1
Tear Resistance 1
Perforation Resistance 1
