

CHAINEX

ChainExium Gloves

Product description

The ChainExpert 100% Stainless Steel chainmail glove features a self adjusting wrist spring for ease of use. This spring style glove has been developed as the new generation of chain mesh gloves. The spring strap adapts itself to any wrist shape due to it's natural elasticity. The use of steel with a shape retention memory, ensures perfect resistance to stretching over a long period for ultimate protection.

FEATURES

- Manufactured from detectable stainless steel chainmail wrist glove with stainless steel spring.
- Bacteria proof, easy to clean for complete hygiene.
- Self adjustable, molding itself to the hand without need for any other type of closure.
- Promotes 100% wear time with no straps or press stud fastenings.
- No lateral slit on glove completely protecting the hand and arm.
- Each glove is given a unique serial number enabling traceability, individual glove allocation and record keeping.
- 100% stainless steel guarantees a hypoallergenic glove with no contamination risk from a fastening strap.

APPLICATIONS

- Metal works
- Meat processing lines
- Kill floors
- Meat deboning
- Poultry works
- Fish processing
