

DuraFlex™ Maintenance Harness

Product description

The DuraFlex™ Rigger's fall arrest, confined space and work positioning harness is a vest style harness. The innovative DuraFlex™ webbing provides greater comfort for working at height with pole straps or in confined spaces.

FEATURES

- Frontal d-ring for fall arrest
- Rear fall arrest d-ring with 300mm extended dorsal dee for easy attachment of ancillary equipment.
- Extension with Velcro to secure over left shoulder.
- Equipped with confined space webbing loops for attachment to spreader frame.
- Vest style makes it easy to don.
- Equipped with label pack housing all relevant harness information including donning instructions, connection instructions, AS/NZS 1891.1 2007 certification and inspection grid. The self contained label pack is also equipped with an oversized pull-free lanyard ring enabling the user to temporarily park the lanyard.
- Fully adjustable chest and waist straps.
- Fully adjustable leg and shoulder straps.
- All attachment points are clearly labelled and define the attachment's application.
- Brightly coloured webbing enables the user to be easily identified whilst working at heights.

APPLICATIONS

- Construction and maintenance
- Scaffolding
- Ladder Safety Systems
- Confined Space Rescue
- Elevated Work Platforms

Technical Information

- Manufactured from DuraFlex™ polyester webbing which provides flexibility of movement for the wearer.
- Weight 2kg

STANDARDS

- Certified to Australian and New Zealand Standard AS/NZS 1891.1 - 2007.
