

FALCON™+ WEB 6M SELF-RETRACTING LIFELINE

PRODUCT CODE: 1016794

The Miller Falcon+ helps workers at height stay safe even in the most demanding working conditions. The SRL features an extremely durable, impact-resistant nylon housing that can withstand the harsh rigors of the toughest applications.

FEATURES

- » Rated to provide protection for workers up to 140kg
- » A highly-visible fall indicator identifies that the unit should be removed from service
- » The composite casing is lightweight but solid, giving it extreme long-lasting service life
- » Corrosion-resistant stainless steel and aluminum internal components extend service life and reduce replacement costs
- » Webbing provides extremely high abrasion resistance
- » Unique side payout design reduces wear on the entry guide bushing and cable for smooth operation with less drag
- » Smooth, quiet operation, engineered spring-retraction tension designed not to pull or drag on a worker to improve productivity and reduce fatigue
- » No annual factory recertification required
- » Swivel-mounted connector eliminates lifeline twisting during use, preventing it from being damaged

TECHNICAL INFORMATION

Max. Working Load:	140 kg
Working Length:	6 m
Max. Arrest Distance:	< 2m, when tested to EN 360
Max Peak Arresting Force:	6.0 kN, when tested to EN 360
Breaking Strength:	12 kN, for 3 minutes
Top Connectors:	Aluminum Scaffold Hook on Swivel
Bottom Connectors:	Aluminum Screw Karabiner
Fall Indicator:	Y
Shock Absorber:	Internal braking system
Housing Material:	High impact-resistant nylon
Lifeline diameter:	17 mm Polyester webbing

STANDARDS

AS/NZS 1891.3:2020
Meets EN360

WARNING! This document provides an overview of personal protective products available from PIP Global Safety and care has been taken to assure the accuracy of the data. It does not provide important product warnings and instructions. PIP Global Safety recommends all users of any personal protective equipment undergo thorough training, and that all warnings and instructions provided with the products be thoroughly read and Understood prior to each use. Failure to read and follow all product warnings and instructions could result in serious injury.
