

Miller Escape Master

Product description

The Escape Master is a descent device fitted to the side of an elevated work platform. It contains kernmantle rope and a descender for quick and easy descent in case of an emergency.

FEATURES

- Includes kernmantle rope with descent unit and EP plates.
- Descent can be controlled by the user or a person on the ground.
- Highly visible load density polyethylene deployment container.
- Smooth, easy-to-clean outer box surface.
- High impact resistance allowing reuse.
- Quick-release pin on lid for easy setup.

APPLICATIONS

- Elevated working platforms
