

Respiratory Protection

7700 Lunchbox Spray Kit

Product description

The 7700 series half mask spray kit is the quality choice for spray painters and agricultural sprayers requiring respiratory protection from organic vapours and particulates. The kit comes complete with half mask, A2 rated filters, P2 rated pre filters and retainers, plus 2 mask cleaning wipes.

Lunchbox Packaging provides great storage for the mask and filters to keep them clean and to stop filters being clogged up with dust when not in use.

Handy Kits make filter selection easy!

FEATURES

- Lunchbox Packaging provides great storage for the mask and filters to keep them clean and to stop filters being clogged up with dust when not in use.
- Handy Kits make filter selection easy!
- 100% Silicone half mask is latex free meaning no latex allergens & are safe for workers with allergies
- Low "dead air" space in mask means less exhaled breath is re-breathed which encourages Increased worker productivity
- Strategic placement of exhalation valve on mask allows more breath to be exhaled out of the mask faster leaving workers feeling cooler & more comfortable
- Variable thickness in sealing area of mask means the nose area is flexible enough to conform to the bridge, it provides superior comfort without sacrificing fit of the nose, but not too thin to collapse
- Approved to AS/NZS 1716 : 2012 Lic 0563. A2 P2 rating provides protection against organic vapours

APPLICATIONS

- Suits various spraying applications including spray painting (excluding isocyanates and 2-pac paints) & agricultural spraying requiring protection against organic vapour and particulates.
