

Head, Eye and Face Protection

Maxx Pro™

Product description

The Maxx Pro is a compact, low profile, stylish safety goggle suited to many working environments.

FEATURES

- Toric lens provides superior optics and peripheral vision for all day use.
- Provides protection against flying objects.
- Low profile design for compatibility with welding helmets, hard hats and most half face respirators.
- Polycarbonate lens for over 99.9% UV protection
- Multi-Material Technology (MMT®) provides unsurpassed comfort and ability to conform to most facial features.
- Easy replaceable lenses for cost savings and longer product life.
- Indirect ventilation system channels air over the lens to minimise fogging.
- Quick adjust fabric head strap for a close and secure fit.
- Splash resistant for protection against harmful liquids.
- Indirect vent system channels air over the lens minimising fogging

APPLICATIONS

- General use and protection against impact. Mechanical work: grinding, turning, milling.

Technical Details

- A nine-base, wrap-around lens design provides close-to the face protection and superior coverage
- Hard Coat models prevents scratching of lens
- Anti Fog models prevent lens fogging

Standards

Certified to AS/NZS 1337.1: 2010 Medium Impact & Splash Protection & Resistance to High temperatures (120°C) Lie Number: SMK 2209
