

PRISM SHIELD[®]

LIFT FRONT HOOD 20 CAL

PRODUCT CODE: LFH20RG-PP_[SIZE]

SALISBURY
BY PIP

Our PrismShield[®] Plus face shield is intended to provide protection against the heat and blast release in an arc flash event rated to 20 cal/ cm² or lower.

FEATURES

- » Hardhat fitting hood shape
- » Contoured profile allows for fluid head movement
- » Passive air vents are built into the back of hoods
- » Double curved lens limits visual distortion and greatly reduces eye strain
- » Improved shield transparency provides better visibility and colour recognition in poorly lit rooms
- » Exclusive weight balancing frame reduces neck strain for users
- » Frameless design increases viewing area by over 20%.
- » Venting allows usage for longer periods of time.
- » 3 times more scratch resistant than the original PrismShield lens for an extended product life.

APPLICATIONS

- » Utilities - substation work and underground applications
- » Commercial – electrical panel and breaker room maintenance
- » Industrial – plant shut-downs and energized equipment repair
- » General Manufacturing facility electrical work and electric vehicle
