PRODUCT DESCRIPTION

The Maxx Pro is a compact, low profile, stylish safety goggle suited to many working environments.

- Toric lens provides superior optics and peripheral vision for all day use.
- Low profile design for compatibility with welding helmets, hard hats and most half face respirators.
- Polycarbonate lens for over 99.9% UV protection
- Multi-Material Technology provides unsurpassed comfort and ability to conform to most facial features.
- Easy replaceable lenses for cost savings and longer product life.
- Indirect ventilation system channels air over the lens to minimise fogging.
- Quick adjust fabric head strap for a close and secure fit.
- Splash resistant for protection against harmful liquids.
- Resistant to High temperatures up to 120°C.
- A nine-base, wrap-around lens design provides close-to the face protection and superior coverage.
