THORZT

COLLAGEN PEPTIDES + CREATINE PROTEIN WATER

DESCRIPTION

A RECOVERY PROTEIN POWDER DESIGNED SPECIFICALLY FOR WORKERS.

Created for physically active individuals in hot working climates to supplement protein intake, as well as to replace water and amino acids losses in sweat. It can replenish nutrients lost during work, heat, exercise or play.

Every heavy lift, every repetitive task, every long shift stresses joints, tendons, and connective tissue (not just muscles).

THORZT Protein Water uses Peptan™ hydrolysed collagen, specifically designed for joint, tendon, and connective tissue repair. It is dairy free (No bloating. No GI discomfort. Works in any condition). Clears in water and gentle on the gut. Built for the site, not the gym.

Addition of Creatine to maintain strength, HDAAS, Probiotics and minerals (Zinc + Magnesium) to assist absorption.

FEATURES & BENEFITS

INGREDIENT	WHAT IT DOES FOR WORKERS
Peptan™ Hydrolysed Collagen 10g / serve	Repairs joints, tendons, ligaments, connective tissue. Type I and III collagen. Workers damage these every shift. Whey protein has no effect on them.
Creatine 1.5g / serve	Maintains muscle strength and cellular hydration across consecutive days. Stronger on day 5 and day 10.
HDAAs + BCAAs	Replaces amino acids lost specifically in sweat, not just general protein.
Electrolytes	Recovery starts with rehydration. Restores mineral balance sweat depletes.
Probiotics	Improve protein absorption. Protect gut health in heat, where GI sensitivity increases.
Vitamin C, Magnesium, Zinc	Support amino acid absorption, muscle function, recovery. Magnesium is depleted in sweat.
Natural colours, flavours, sweeteners	Sugar free. All Natural. Compliance is everything.

SERVING

*When prepared according to the serving suggestion
Add each sachet or scoop (15 g) to 300 mL of water. Simply add the 15g sachet or scoop to a drink bottle for the perfect mix. Stir until dissolved.

Consume 2 serves per day
